

MFV NSE Ltd. Trading as Franchise Expo UK GDPR Compliance Statement

Introduction

The **EU General Data Protection Regulation ("GDPR")** came into force across the European Union on 25th May 2018 and brought with it the most significant changes to data protection law in two decades. Based on privacy by design and taking a risk-based approach, GDPR has been designed to meet the requirements of the digital age.

The 21st Century brings with it broader use of technology, new definitions of what constitutes personal data, and a vast increase in cross-border processing. The new Regulation aims to standardise data protection laws and processing across the EU; affording individuals stronger, more consistent rights to access and control their personal information.

Our Commitment

MFV NSE Ltd. is committed to ensuring the security and protection of the personal information that we process, and to provide a compliant and consistent approach to data protection. We have always had a robust and effective data protection program in place which complies with existing law and abides by the data protection principles. However, we recognise our obligations in updating and expanding this program to meet the demands of the GDPR and the **UK's Data Protection Bill**.

MFV NSE Ltd. is dedicated to safeguarding the personal information under our remit and in developing a data protection regime that is effective, fit for purpose and demonstrates an understanding of, and appreciation for the new Regulation. Our preparation and objectives for GDPR compliance have been summarised in this statement and include the development and implementation of new data protection roles, policies, procedures, controls and measures to ensure maximum and ongoing compliance.

Ensuring We Meet GDPR Requirements

MFV NSE Ltd. already has a consistent level of data protection and security across our organisation, however it is our aim to be fully compliant with GDPR following recent updates in legislation.

What we have done and continue to do: -

- **Information Audit** – Carried out a company-wide information audit to identify and assess what personal information we hold, where it comes from, how and why it is processed and if and to whom it is disclosed.
- **Policies & Procedures** – Reviewing and ensuring data protection policies and procedures meet the requirements and standards of the GDPR and any relevant data protection laws, including:

- **Data Protection** – our main policy and procedure document for data protection has been reviewed and updated to meet the standards and requirements of the GDPR. Any information we store is password protected, secure and manual contracts/ data forms are locked securely away when not in use or unsupervised.
- **Data Retention & Erasure** – we have updated our retention policy and schedule to ensure that we meet the ‘data minimisation’ and ‘storage limitation’ principles and that personal information is stored, archived and destroyed compliantly and ethically. We have dedicated erasure procedures in place to meet the new ‘Right to Erasure’ obligation and are aware of when this and other data subject’s rights apply; along with any exemptions, response timeframes and notification responsibilities.
- **Data Breaches** – our breach procedures ensure that we have safeguards and measures in place to identify, assess, investigate and report any personal data breach at the earliest possible time. Our procedures are robust and have been disseminated to all employees, making them aware of the reporting lines and steps to follow.
- **International Data Transfers & Third-Party Disclosures** – where **MFV NSE Ltd.** stores or transfers personal information outside the EU, we have robust procedures and safeguarding measures in place to secure, encrypt and maintain the integrity of the data. Our procedures include a continual review of the countries with sufficient adequacy decisions, as well as provisions for binding corporate rules; standard data protection clauses or approved codes of conduct for those countries without.

Password protection is added to sensitive documents (containing personal data) to minimise personal data breaches. We carry out strict due diligence checks with all recipients of personal data to assess and verify that they have appropriate safeguards in place to protect the information, ensure enforceable data subject rights and have effective legal remedies for data subjects where applicable.
- **Subject Access Request (SAR)** – we have revised our SAR procedures to accommodate the revised 30-day timeframe for providing the requested information and for making this provision free of charge. Our new procedures detail how to verify the data subject, what steps to take for processing an access request, what exemptions apply and a suite of response templates to ensure that communications with data subjects are compliant, consistent and adequate.
- **Legal Basis for Processing** – We review all processing activities to identify the legal basis for processing and ensure that each basis is appropriate for the activity it relates to. Where applicable, we also maintain records of our processing activities, ensuring that our obligations under Article 30 of the GDPR and Schedule 1 of the Data Protection Bill are met.
- **Privacy Notice/Policy** – we have revised our Privacy Notice(s) to comply with the GDPR, ensuring that all individuals whose personal information we process have been explicitly informed of why obtain it, how it is used, what their rights are, and what safeguarding measures are in place to protect their information.
- **Obtaining Consent** - we have revised our consent mechanisms for obtaining personal data, ensuring that individuals understand what they are providing, why and how we use it and

giving clear, defined ways to consent to us processing their information. We have developed stringent processes for recording consent, making sure that we can evidence an affirmative opt-in, along with time and date records; and an easy to see and access way to withdraw consent at any time.

- **Direct Marketing** - we have revised the wording and processes for direct marketing, including clear opt-in mechanisms for marketing subscriptions; a clear notice and method for opting out and providing unsubscribe features on all subsequent marketing materials, as well as explicit information stating how personal information was obtained.
- **Data Protection Impact Assessments (DPIA)** – where we process personal information that is considered high risk or involves large scale processing; we have developed stringent procedures and assessment templates for carrying out impact assessments that comply fully with the GDPR's Article 35 requirements. We have implemented documentation processes that record each assessment, allow us to rate the risk posed by the processing activity and implement mitigating measures to reduce the risk posed to the data subject(s).
- **Processor Agreements** – where we use any third-party to process personal information on our behalf (*i.e. Payroll, Recruitment, Hosting etc*), we have drafted compliant Processor Agreements and due diligence procedures for ensuring that they (*as well as we*), meet and understand their/our GDPR obligations. These measures include initial and ongoing reviews of the service provided, the necessity of the processing activity, the technical and organisational measures in place and compliance with the GDPR.

Data Subject Rights

In addition to the policies and procedures mentioned above that ensure individuals can enforce their data protection rights, we provide easy to access information in the office for an individual's right to access any personal information that **MFV NSE Ltd.** processes about them and to request information about: -

- What personal data we hold about them (subject to processing fee fixed at £10.00 and supply of appropriate evidence of your identity; passport photocopy certified by a solicitor or bank statement dated in last 3 months, plus photo identity card; driving license/ citizen card).
- The purposes of the processing
- The categories of personal data concerned
- The recipients to whom the personal data has/will be disclosed
- How long we intend to store your personal data for
- If we did not collect the data directly from them, information about the source
- The right to have incomplete or inaccurate data about them corrected or completed and the process for requesting this
- The right to request erasure of personal data (*where applicable*) or to restrict processing in accordance with data protection laws, as well as to object to any direct marketing from us and to be informed about any automated decision-making that we use

- The right to lodge a complaint, seek remedy and who to contact in such instances

Updating information

Please let us know if the personal information which we hold about you needs to be corrected, updated, or removed.

Information Security & Technical and Organisational Measures

MFV NSE Ltd. takes the privacy and security of individuals and their personal information very seriously and take every reasonable measure and precaution to protect and secure the personal data that we process. We have robust information security policies and procedures in place to protect personal information from unauthorised access, alteration, disclosure or destruction and have several layers of security measures, including: -

- SSL
- Access controls
- Password Protection on all sensitive/ personal data
- Encryptions
- IT authentication

GDPR Continual Development

MFV NSE Ltd. understands that continuous employee awareness and understanding is vital to the continued compliance of the GDPR and have involved our employees in our preparation plans.
